"EVERYONE GET THE SAME WAVE SO I CAN GET A PICTURE"

We get everyone catching and riding whitewater on their own like in the above shots. Then we swim them to the outside waves and push them in at an angle, so they can ride an open faced wave, surf permitting.

LEFT: GROUP SURFING LESSON
 this past April. Both adults and kids can sign up, so parents can surf with their kids. (In surf camp or the group surf lessons)
